Ditta Artigianale's Breakfast for my guests

Hi, I'm Emanuele and I'm happy to write to you that I made an agreement with Ditta Artigianale , the bar and cafeteria located in the Sant'Ambrogio square, 300 meters from the apartment.

A breakfast at a special price for my guests!

A few words about Artisan Company ..

They have 3 bars in Florence. The last one near the apartment opened in June 2021 . The owner is the three times champion world café Francesco Sanapo ' and that says a lot about the quality!

The place...

For me this place is currently one of the best and most beautiful in Florence. Obtained by a former monastery with a cloister (that is a delight), combines the charm of tradition with an atmosphere more international.

Menu

From 9 to 15 they have Breakfast and Brunch.

The gastronomic proposal (and above all coffee) is exceptional.
